

# Why Should You Choose Schaper Associates?

While we think we offer the very best in recruiting solutions, don't take our word for it. **See what our clients have to say.**

"As someone who actually went through the process with Schaper Associates, I have a first-hand account of the professionalism and accountability that the company represents. **I never felt like I was someone being process through a system**, but instead a part of a team that was trying to help me move forward in my career. I would not be in the position I am in today without her and the rest of Schaper Associates, and we here at AME, Inc. are currently working with Schaper Associates for our recruiting and staffing needs."

- Glenn Hertzberg, VP of AME  
New Jersey

"Karen was very instrumental in keeping the process efficient and moving for a critical project which involved hiring 10 high performance energy solutions business development sales professionals. **What separates Schaper is she is directly involved in the process.** There are not many recruiters that could perform the task she did in a timely manner."

- Dave Carey,  
Owner of Harcourt Brown & Carey  
Massachusetts

"Last year many recruiters told me that finding good HVAC people was very difficult. They could find no good candidates. I believe they tried a few easy options. When they could not find someone quickly, they gave up and I got no candidates. **You, however, found a strong candidate for me within two weeks.**"

- Michael D. Habbell,  
Nationwide Recruiting  
for York International.  
New York

"I was most impressed with how your organization **truly listened** to the requirements and understood the importance of finding a candidate who was a fit for our corporate principles and values."

- Mark Mininch,  
VPS of Dimplex  
Canada

"We set a very high standard for the CEO position of DryKor, and we took a risk by selecting Schaper Associates over three globally renowned search firms, but **she delivered and did it all in 52 days (it must be a record)** by working effectively and tirelessly."

- William E. James, Partner of RockPort Capital Partners  
Massachusetts
